Kampala Metropolitan Police (KMP) Contacts & Coordinates

Police stations and posts grouped by district, with GPS coordinates and phone cross-check where available

Source: The Independent (Uganda), "KMP: Full list of Uganda Police contacts", 23 Oct 2019, cross-referenced with Google Places. KMP jurisdiction covers Kampala, Wakiso, and Mukono districts.

*Notes: (1) Coordinates were only sought for named "Police Stations" (not the many small, informal "Police Posts"), since posts generally aren't indexed on Google Maps — a handful of posts that turned up incidentally are included anyway. (2) The remaining named stations are left blank — Google had no confident match or only returned an ambiguous/duplicate result even after repeated searches. (3) A latitude marked with * means the coordinate is an approximation — matched to the station's known neighbourhood, trading centre, or landmark rather than a confirmed pin on the station building itself; treat these as "correct area," not "exact gate." (4) The Google Phone column shows a currently-listed number only where it differs from the 2019 published contact — shown in red/bold on both sides. The underlying published list is from 2019; Uganda Police issued a newer sub-county counter contact list in 2026, so some numbers may have changed since either source.*

Kampala District
